Sec. 263.390. EDUCATIONAL SERVICE CENTERS FUNDING

As used in this section, "high-performing primary educational service center" means an educational service center that reduces client school district expenditures in fiscal year 2016 through efficiencies attained by coordinating and consolidating services.

As used in this section, "student count" means the count calculated under division (G)(1) of section 3313.843 of the Revised Code.

In fiscal year 2016, the Department of Education shall pay the governing board of each primary educational service center state funds equal to thirty-three twenty-seven dollars times its student count.

In fiscal year 2017, the Department of Education shall pay the governing board of each high-performing educational service center state funds equal to thirty-five twenty-seven dollars times its student count, and to the governing board of each other center, state funds equal to thirty three twenty-five dollars times its student count.

The State Board of Education shall adopt rules by December 31, 2015, governing the determination of high-performing educational service centers and the distribution of state funds under this section for fiscal year 2017. The rules shall establish the following: (1) an application process whereby educational service centers may provide evidence of reductions in client school district expenditures in fiscal year 2016; (2) a deadline by which applications must be submitted to the Department of Education; (3) the criteria the Department will use in determining the degree of efficiencies attained by coordinating and consolidating services and which centers qualify as high-performing for purposes of funding under this section; (4) a metric the Department will use in evaluating and monitoring the efficiencies attained by coordinating and consolidating services.

If the amount earmarked for the state reimbursement of educational service centers in appropriation item 200550, Foundation Funding, is not sufficient, the Department of Education shall prorate the payment amounts so that the appropriation is not exceeded.

Notwithstanding any provision of law to the contrary, the Department of Education shall modify the payments under this section as follows:

- (A) If an educational service center ceases operation, the Department shall redistribute that center's funding, as calculated under this section, to the remaining centers in proportion to each center's service center ADM as defined in former section 3317.11 of the Revised Code, as that section existed prior to the date of its repeal.
  - (B) If two or more educational service centers merge operations to

create a single service center, the Department shall distribute the sum of the original service centers' funding, as calculated under this section, to the new service center.

# ADULT CORRECTIONAL FACILITIES LEASE RENTAL BOND **PAYMENTS**

The foregoing appropriation item 501406, Adult Correctional Facilities Lease Rental Bond Payments, shall be used to meet all payments during the period from July 1, 2015, through June 30, 2017, by the Department of Rehabilitation and Correction under the primary leases and agreements for those buildings made under Chapters 152. and 154. of the Revised Code. These appropriations are the source of funds pledged for bond service charges on related obligations issued under Chapters 152, and 154, of the Revised Code.

#### RESIDENTIAL GRANT PROGRAM

The foregoing appropriation item 501503, Residential Grant Program, shall be used by the Department of Rehabilitation and Correction to conduct a one-year pilot program to award grants in support of community-based residential programs in several prisons. These guidelines shall establish that grant eligibility is limited to faith-based character programs that have been in existence for five years or longer, that are not operated by the state of Ohio, and that have a demonstrated record of successful implementation of residential programs that have been shown to reduce violent behavior and disciplinary reports of inmate participants while in prison and significantly reduce recidivism among graduates once they reenter the outside community.

In administering the one-year pilot program, the Department shall

establish a partnership with an Ohio university or college which would provide all necessary and appropriate statistical information concerning the implementation of the program. The Department shall submit a quarterly report containing that information to the Speaker of the House of Representatives and the President of the Senate.

#### SCHOOL BUILDING PROGRAM ASSISTANCE

The amount reappropriated for the foregoing appropriation item C23002, School Building Program Assistance, is the unencumbered and unallotted balance as of June 30, 2016, in appropriation item C23002, School Building Program Assistance, plus the unencumbered and unallotted balance as of June 30, 2016, in appropriation item C23019, College Prep Boarding School Facility.

# CORRECTIVE ACTION PROGRAM GRANTS

The foregoing appropriation item C23011, Corrective Action Program Grants, may be used to provide funding to bring facilities up to Ohio School Design Manual standards for a project funded pursuant to sections 3318.01 to 3318.20 or 3318.40 to 3318.45 of the Revised Code for the correction of work that is found after occupancy of the facility to be defective, or to have been omitted. Funding shall only be provided for work if the impacted school district notifies the Executive Director of the Ohio School Facilities Commission within five years after occupancy of the facility for which the district seeks the funding. The Commission may provide funding assistance necessary to take corrective measures after evaluating defective or omitted work. If the work to be corrected or remediated is part of a project not yet completed, the Commission may amend the project agreement to increase the project budget and use corrective action funding to provide the state portion of the amendment. If the work to be corrected or remediated was part of a completed project and funds were retained or transferred pursuant to division (C) of section 3318.12 of the Revised Code, the Commission may enter into a new agreement to address the necessary corrective action. The Commission shall assess responsibility for the defective or omitted work and seek cost recovery from responsible parties, if applicable. Any funds recovered shall be applied first to the district portion of the cost of the corrective action. Any remaining funds shall be applied to the state portion and deposited into the School Building Program Assistance Fund (Fund 7032).

HAZARDOUS SUBSTANCE ABATEMENT IN STATE FACILITIES
The foregoing appropriation item C230E3, Hazardous Substance

Prior to the release of funds for asbestos abatement, the Ohio Facilities Construction Commission shall review proposals from state agencies to use these funds for asbestos abatement projects based on criteria developed by the Ohio Facilities Construction Commission. Upon a determination by the Ohio Facilities Construction Commission that the requesting agency cannot fund the asbestos abatement project or other toxic materials removal through existing capital and operating appropriations, the Commission may request the release of funds for such projects by the Controlling Board. State agencies intending to fund asbestos abatement or other toxic materials removal through existing capital and operating appropriations shall notify the Executive Director of the Ohio Facilities Construction Commission of the nature and scope prior to commencing the project.

Only agencies that have received appropriations for capital projects from the Administrative Building Fund (Fund 7026) are eligible to receive funding from this item. Public school districts are not eligible.

#### **ENERGY CONSERVATION PROJECT**

The foregoing appropriation item C23016, Energy Conservation Project, shall be used to perform energy conservation renovations, including the United States Environmental Protection Agency's Energy Star Program, in state-owned facilities. Prior to the release of funds for renovation, state agencies shall have performed a comprehensive energy audit for each project. The Ohio Facilities Construction Commission shall review and approve proposals from state agencies to use these funds for energy conservation. Public school districts and state-supported and state-assisted institutions of higher education are not eligible for funding from this item.

IMPLEMENTATION OF AMERICANS WITH DISABILITIES ACT

The foregoing appropriation item C230E4, Americans with Disabilities Act, shall be used to renovate state-owned facilities to provide access for physically disabled persons in accordance with Title II of the Americans with Disabilities Act.

Prior to the release of funds for renovation, state agencies shall perform self-evaluations of state-owned facilities identifying barriers to access to service. State agencies shall prioritize access barriers and develop a transition plan for the removal of these barriers. The Ohio Facilities Construction Commission shall review proposals from state agencies to use these funds for Americans with Disabilities Act renovations.

Only agencies that have received appropriations for capital projects from the Administrative Building Fund (Fund 7026) are eligible to receive funding from this item. Public school districts are not eligible.

#### STATE AGENCY PLANNING/ASSESSMENT

The foregoing appropriation item C230E5, State Agency Planning/Assessment, shall be used by the Facilities Construction Commission to provide assistance to any state agency for assessment, capital planning, and maintenance management.

SCHOOL BUILDING PROGRAM ASSISTANCE

The foregoing appropriation item C23002, School Building Program Assistance, shall be used by the School Facilities Commission to provide funding to school districts that receive conditional approval from the Commission pursuant to Chapter 3318. of the Revised Code.

SECTION 601.42. That existing Sections 203.10, 207.10, 207.80, 207.90, 207.100, 207.220, 207.240, 207.280, 207.290, 221.10, and 239.10 of S.B. 310 of the 131st General Assembly are hereby repealed.

Section 701.10. Notwithstanding any provision of law to the contrary, beginning with the pay period that includes July 1, 2016, each state appointing authority is authorized to make expenditures from current state operating appropriations contained in this act or any other act necessary to provide for the compensation changes pursuant to provisions of law, as amended by this act, for employees exempt from collective bargaining.

SECTION 701.20. Notwithstanding sections 101.82 to 101.87 of the Revised Code, the Ohio Judicial Conference, as created in section 105.91 of the Revised Code, is exempt from review by the Sunset Review Committee convened to operate during the 131st General Assembly, and is renewed until the end of December 31, 2020.

Section 701.30. It is the intent of the General Assembly that capital appropriations and reappropriations made in S.B. 260 of the 131st General Assembly, S.B. 310 of the 131st General Assembly, and subsequent bills that make capital appropriations and reappropriations are for capital construction projects that are ready to begin construction or for projects that will be completed within the applicable two-year fiscal biennium. Further, it is the intent of the General Assembly for those projects that are neither started nor completed within the biennium to be allowed to lapse and not be reappropriated. Lastly, the General Assembly recognizes that there are times when extraordinary circumstances prevent construction projects from progressing as originally conceived, but reappropriations for these projects will be the exception, not the default.

SECTION 715.10. For each application submitted under section 1509.28 of the Revised Code that encompasses a unit area for which all or a portion of the mineral rights are owned by the Department of Transportation and for which the Chief of the Division of Oil and Gas Resources Management has held a hearing before the effective date of this section, the Chief, not later than forty-five days after the effective date of this section, shall either issue an order denying or providing for the unit operation of a pool or part of a pool. However, the applicant is not required to commence any unit operations within twenty-four months of the effective date of any order issued in accordance with this section.

SECTION 741.10. (A) As used in this section:

- (1) "Contribution period" and "contributory employer" have the same meanings as in section 4141,01 of the Revised Code.
- (2) "Mutualized Account" means the Mutualized Account created in division (B) of section 4141.25 of the Revised Code.
- (3) "Unemployment Compensation Fund" means the Unemployment Compensation Fund created in section 4141.09 of the Revised Code.
- (B) Not later than September 15, 2016, the Director of Job and Family Services shall certify to the Director of Budget and Management the balance of amounts advanced to the state under section 1201 of the "Social Security Act," 42 U.S.C. 1321.
- (C) Notwithstanding division (A) of section 169.05 of the Revised Code, not later than September 20, 2016, the Director of Budget and

Management shall request the Director of Commerce transfer cash from unclaimed funds that have been reported by the holders of unclaimed funds under section 169.05 of the Revised Code, regardless of the allocation of the unclaimed funds under that section, to the Unemployment Compensation Fund in the amount certified pursuant to division (B) of this section as a one-time loan for the purpose of paying unemployment compensation benefits under Chapter 4141. of the Revised Code. Upon receipt of the request, the Director of Commerce shall make the transfer. The amount transferred shall be credited to the Mutualized Account.

The Director of Budget and Management, in consultation with the Director of Job and Family Services, shall establish a schedule for the repayment of the loan. The schedule for repayment shall require that the loan be repaid not later than February 28, 2018.

- (D) Not later than September 30, 2016, the Director of Job and Family Services shall deposit as cash the amount transferred under division (C) of this section with the Secretary of the Treasury of the United States to the credit of the account of this state in the unemployment trust fund established and maintained pursuant to section 904 of the "Social Security Act," 42 U.S.C. 1104, to eliminate the balance of amounts advanced to the state under section 1201 of the "Social Security Act," 42 U.S.C. 1321.
- (E) Notwithstanding any provision of sections 4141.23, 4141.24, 4141.25, and 4141.26 of the Revised Code to the contrary, for the contribution period beginning January 1, 2017, each contributory employer who is subject to experience rating under division (A)(2) of section 4141.25 of the Revised Code shall be subject to an increase in the contribution rates provided in division (A)(3) of section 4141.25 of the Revised Code in an amount, to be determined by the Directors of Job and Family Services and Budget and Management, that generates an amount not greater in the aggregate than the amount necessary to repay the amount transferred under division (C) of this section. The Directors shall determine the amount of the increase on a flat-rate basis. The increased amount under this division, if not paid when due, shall be treated the same as delinquent contributions under section 4141.23 of the Revised Code.
- (F) The Treasurer of State shall establish and maintain a separate account known as the "Loan Account" within the Unemployment Compensation Fund.
- (G) The Director of Job and Family Services shall deposit amounts received pursuant to the increased contribution rates under division (E) of this section in the Loan Account within the Unemployment Compensation Fund and credit the amounts to the Mutualized Account.

(H) The Director of Job and Family Services shall repay the amount transferred as a loan under division (C) of this section from amounts in the Loan Account within the Unemployment Compensation Fund. Any amounts remaining in the Loan Account after repayment of the loan shall be deposited with the Secretary of the Treasury of the United States to the credit of the account of this state in the Unemployment Trust Fund established and maintained pursuant to section 904 of the "Social Security Act," 42 U.S.C. 1104. Amounts transferred from the Loan Account shall be charged to the Mutualized Account.

Section 741.20. It is the intent of the General Assembly that the amendments made by this act to section 4141.25 of the Revised Code shall be repealed in future legislation adopting long-term reforms to the Unemployment Compensation System.

SECTION 753.10. Section 757.10. As used in this section, "qualified property" means real property owned by a housing authority that satisfies the qualifications for tax exemption under sections 3735.34 and 5709.10 of the Revised Code.

Notwithstanding section 5713.081 of the Revised Code, when qualified property has not received tax exemption due to a failure to comply with Chapter 5713. or section 5715.27 of the Revised Code, the current owner of the property, at any time on or before twelve months after the effective date of this section, may file with the Tax Commissioner an application requesting that the property be placed on the tax-exempt list and that all unpaid taxes, penalties, and interest on the property be abated.

The application shall be made on the form prescribed by the Commissioner under section 5715.27 of the Revised Code and shall list the name of the county in which the property is located; the property's parcel number or legal description; its assessed value; the amount in dollars of the unpaid taxes, penaltics, and interest; and any other information required by the Commissioner. ## WKSU: Ohio's Year in Review 2017: Changes to education policy

"Looking back, basically a time of transition and a time of starting to listen to what's going on in the field and starting to implement common-sense reforms as opposed to just mandates that people can't necessarily comply with," Brenner said.

## Sandusky Register: Busy year for Shores & Islands

In April we were proud to provide support to the governor's office, city of Sandusky, Cedar Point, state Sen. Randy Gardner, state Rep. Steve Arndt, TourismOhio and others in hosting the governor's State of the State address at the Sandusky State Theatre.

## The Advertiser-Tribune: SRPC, elections board ready to go

Reineke presented an Ohio flag and a U.S. flag that were flown over the state capitol building Dec. 19 as a gift to the elections panel. "I'm very happy to be here," he said. "We've all got to keep working together to make great things happen."

# WOSU: Ohio lawmaker pushes for harsher penalties for parolees who fail drug tests

Republican state Rep. Niraj Antani, the bill's sponsor, wants to create more access to treatment facilities and says jails should not be used as detox centers. "But until that time, jail is simply the best place for someone to detox and to be safely placed if they are (using) heroin and fentanyl - until we can figure out something else for them," Antani said.

# Mansfield News Journal: Community honors law enforcement with 'Spread the Light'

The evening ended with state Rep. Mark Romanchuk, R-Ontario, counting down to officers switching on the lights and sirens in more than a dozen police vehicles to officially "spread the light" and start the week.

## Associated Press: Proposed Ohio law would prevent forced nurse overtime

State Rep. Robert Sprague, a Findlay Republican, said he's concerned that exhausted nurses working long hours can lead to preventable medical errors. "It's a recipe for problems," Sprague told The Dayton Daily News.

## Findlay Courier: Sprague bill would ban forced nurse OT

A bill introduced in the Ohio House by state Rep. Robert Sprague, R-Findlay, would prohibit hospitals from requiring a registered nurse or licensed practical nurse to work overtime as a condition of employment.

# Wilmington News Journal: Guest column from Speaker Cliff Rosenberger: Buckeye Pathway guides policy

This member-driven document outlines our priorities and serves as a roadmap to three objectives: improve Ohio's economic environment, enhance opportunities for all Ohioans, and strengthen families and communities. Halfway through this term, we have approved more than 30 bills that align with these principles.

## Toledo Blade: Republican lawmakers push to make Ohio "right to work"

The resolutions are sponsored by state Rep. John Becker (R., Cincinnati) and state Rep. Craig Riedel (R., Defiance). ... "It's not so much that I'm opposed to unions," Mr. Riedel said. "I believe strongly that employees ought not to be required to pay fair-share fees if they choose not to join that union. If that individual chooses not to be a part of that union, they're on their own. They would not get any representation whatsoever by that collective-bargaining agreement."

## Your News Now: HB 336 plans to help Ohioans with suspended licenses

"This would help reduce the number of suspensions the bureau has to keep track of, it would also provide an incentive for a person to get insurance, get their license reinstated, and be able, if you're not able now to find a job because of lack of transportation, to be able to do that," said Rep. Bob Cupp, 4th District Rep for the State of Ohio.

Honor Martin Luther King by continuing the fight

In honor of Dr. Martin Luther King, Jr. Day, Policy Matters Ohio Executive Director Amy Hanauer releases the following statement:

"Nearly 50 years ago, Martin Luther King was murdered in Memphis, Tenn. by a racist white man. King travelled there to support the city's black sanitation workers in their strike protesting dangerous work conditions and unfair wages. It was part of King's Poor People歹 0s Campaign, which expanded the struggle for racial justice from desegregation and voting rights to economic security.

"There is nothing new about poverty," he wrote in his final book, "Where Do We Go from Here: Chaos or Community? "What is new, however, is that we now have the resources to get rid of it... Why should there be hunger and privation in any land, in any city, at any table, when man has the resources and the scientific know-how to provide all mankind with the basic necessities of life? There is no deficit in human resources, the deficit is in human will."

King knew the American dream would remain out of reach for black people until they could access decent housing, fair wages, safe working conditions, good schools and quality health care. He knew in many ways, the dream eluded white Americans living in poverty as well.

At Policy Matters Ohio, we try to honor King's legacy by insisting on policies that recognize the dignity of all people. This year, we face several big fights. Having just drastically cut taxes to benefit the wealthiest few, President Trump and Republicans in Congress now aim to slash funding for programs that broaden opportunity like Medicaid, food aid, college assistance, public education and more. Children of undocumented immigrants who know no other home, could face deportation after Trump scrapped a program that allowed them to come out of the shadows and contribute to society without fear.

In Ohio, GOP lawmakers are pushing so-called "right to work" laws that would weaken labor unions — the single most effective tool in protecting workers' rights, ensuring decent wages and shrinking workplace barriers for people of color and women. With the Trump administration's blessing, state policymakers are pursuing work requirements, premiums and co-pays that would make it harder for low-income Ohioans to access health care through Medicaid.

These are challenging times, but something powerful has broken free across Ohio and the United States. We see it in the thousands who marched in D.C. and locally last year; the endless calls to members of Congress in defense of the Affordable Care Act and the outcry of support for our immigrant neighbors. The human will for change is building. Join us as we strive to answer King's call and 'bend the arc of the moral universe towards justice."

Subject: Buckeye Institute needs to go back to the drawing board on Bail Reform

Dear Ms. Sarko,

NAME OF THE PARTY OF THE PARTY

As government stewards, elected officials, and stakeholders in the safety of the citizens of Ohio, I write to you today concerning the ongoing misinformation regarding bail reform.

You may have recently been given a copy of a report from the Buckeye Institute, entitled "Money Bail" Making Ohio A More Dangerous Place to Live. This report contains so many errors and incomplete information that, frankly, it should be discarded. Yet, we wanted to take an opportunity to counter some of the claims made in the report and set the bail reform debate into the proper context.

First, "money bail= 2 is not making Ohio a more dangerous place to live. The bail system in Ohio is essentially the same one being run since statehood. The right to bail is enshrined in the Ohio constitution, and Judges have discretion to set the "type, amount, and conditions" of bail. This is also why 69% of judges in a recent National Judicial College Survey did not agree with the elimination of money bail from the system.

Second, what does the Buckeye Institute's new bail utopia cost? New Jersey's program, given as an example, will run out of money on July 1, 2018 unless the legislature completely overhauls the funding of that program. The costs to implement such a program were in excess of \$1 billion in California. Added to that, not only are there not savings, as both Administrative Judge Glenn Grant in New Jersey and the California Chief Justice concur, the costs of shifting away from monetary bail to risk assessments and supervision will largely not materialize and the cost the State and Counties millions of dollars.

Third, the litany of examples cited by the report as horrifying cases where someone was able to post bail begs the question as to what the Buckeye Institute would do with such cases. Yet, the Ohio Constitution already covers this, giving the power to prosecutors to prove the danger or risk of flight and deny bail. The report suggests that somehow a risk assessment will fix the

problem, yet the results of the assessment do not relieve a prosecutor of having to put up the proof necessary to achieve the result.

The report argues that several jurisdictions are seeing tremendous results due to bail reform, but this relies on the results generated by a private foundation that provides a free proprietary risk assessment tool and does its own evaluation of the results. It should come as no surprise that they think it works. Instead, in sworn testimony, a national expert testified in federal court that the Lucas County, Ohio program has very high failure rates, including 47% of high risk cases. As a result of that testimony, the attorneys in the case concluded that Lucas County, Ohio had created a culture of "non-accountability" in its bail system.

In San Francisco, the report issued there found that 27% of defendants did not show up under the risk assessment model. In New Jersey, the state has failed to release any numbers, and the report's citation to crime figures does not prove that bail reform has anything to do with that since New Jersey's prison population has declined every year for 15 years - and the population had been declining by double digits leading up to bail reform. Of course, New Jerseys' algorithm is releasing prior felons in possession of firearms, counting them as low risk, similar to what is going on in New Mexico. Risk assessments are indeed not a magic bullet, and there have been serious criticisms lodged against them which the Buckeye Institute report completely ignores. Researchers at New York University concluded: "The use of such systems by public agencies raises serious due process concerns, and at a minimum they should be available for public auditing, testing, and review, and subject to accountability standards." Former US Attorney General Eric Holder has also cautioned jurisdictions who using risk assessments saying they "may exacerbate unwarranted and unjust disparities that are already far too common in our criminal justice system and in our society." Several additional recent studies and experts have called into question the race and gender neutrality of such algorithms, and the jury is certainly still out on that question. Indeed the utter lack of transparency of

such algorithms is of serious concern. The Buckeye Institute decides to then demean the bail industry for helping persons exercise their right to bail in Ohio and provide accountability to the Courts. The report cites no statistics on the effectiveness of surety bail in Ohio. That's not to say that adjustments cannot be made, but national data as well as data in Ohio back up the fact that private bail is effective and efficient because it is typically a third-party benefit provided to the State and a defendant at no cost to the State.

Sadly, the Buckeye Institute has sunk to the level of citing newspaper articles as some proof of the key points it makes. It does such surface-level analysis that clearly the conclusion informed the selection of the "research" that is cited. For example, the fact that 57% of persons in jail are awaiting trial tells us nothing—how many of those persons are on a non-monetary hold? Or, what is their prior criminal history, and what would the risk

assessment say about them based thereon? How many are there because their attorneys are advising them to take a time-served deal? The Buckeye Institute needs to go back to the drawing board with its assessment of bail reform. Moving away from "money bail" has not proven to deliver on its promises. While adjustments to the system can always be made, putting our blind faith in "black-box" algorithms to fix the problem is not only unproven, it is simply naïve.

Sincerely,

Jeff Clayton Executive Director American Bail Coalition (877) 958-6628 From: Best, Carolyn

#### TALKING POINTS

SPEAKER ROSENBERGER GAGGLE JANUARY 24, 2018

Reps. Thompson and Brenner held a press conference yesterday to discuss possible legislative remedies to the community school closures in the future... will Leadership support these fixes?

- The students are my main concern here
- I know this is something Reps. Brenner and Thompson, along with many other members, feel very passionately about and they are all welcome to bring forward legislation on this issue
- I haven't seen any legislation at this point but will certainly take a look when something comes forward

# Reps Becker and Riedel held a press conference on their right-to-work proposal... will the caucus be supportive of this?

 This issue has been brought up several times in recent years and I will review the proposal and seek input from caucus members before making any further determinations.

## Anything new with unemployment compensation reform?

- I think we are at a good spot
- I'm proud of Speaker Pro Tempore Schuring and the House for taking up this issue and sticking with it
- There's some work and discussion to be had but we're making some good progress
- Rep. Schuring and I traveled the state a couple weeks ago to talk with a
  few editorial boards and will continue to get the message out there that
  solvency is key and that we want to work with businesses and labor
  groups to come together on a solution

You have mentioned previously that you plan to prioritize reducing costs of higher education during your final year in the legislature. Can you tell us

# any more about that initiative—are there specific proposals you are working on?

- Yes, this has long been a priority of mine
- There have been a couple bills that we've already been looking at in the House
- As for me personally, I don't think we are ready to announce anything specific just yet, but we are still working through some of the details and finer points on how we can lower costs for students and families
- That will continue to be a priority for the remainder of my term

## Have deliberations already begun on the capital budget?

- Yes, the deadline has now passed for members to submit their project lists and we are beginning to go through that
- Still in the early stages of the process, but I expect everything will remain on schedule with this

# Sounds like the House sexual harassment training began last week—how has it been going?

- Yes, those have been scheduled and I believe all have been completed after today. They have gone very well
- 88 of 99 members attended last week and there was a make-up session this morning so I think we are on the right track to ensure everyone participates

# The payday lending legislation (HB 123 – Koehler/Ashford) was introduced last year, any update on that bill?

- It's a topic that many of our members feel strongly about on both sides
- Received a second hearing last week
- Conversations are ongoing
